SUMMARY

QA Engineer / SDET with 2+ years of experience testing web and mobile applications across Android and iOS, using Selenium, Appium, Java, TestNG, Jenkins, Git, and Jira. Hands-on with automation framework development, API testing, regression testing, defect lifecycle management, and CI/CD workflows, with additional exposure to BrowserStack and AI-assisted testing tools.

SKILLS

Programming Languages	Java, Python, SQL
Frameworks & Libraries	TestNG, Selenium WebDriver
Tools	Selenium, Appium, Git, GitHub, Jira, BrowserStack, Jenkins, Zephyr, Maven
Web & Mobile Testing	Functional Testing, Regression Testing, Integration Testing, API Testing
Platforms	Xcode, Android Studio, IntelliJ IDEA, VS Code
AI Productivity Tools	Claude Code, Windsurf, MCP Servers

EXPERIENCE

RealPage India Private Limited

Hyderabad, Telangana

QA Engineer

December 2023 - Present

- Tested web, native mobile, and hybrid mobile applications across Android and iOS, covering functional, regression, integration, compatibility, smoke, and sanity scenarios.
- Participated in Agile/Scrum activities including sprint planning, user story grooming, defect triaging, test case design, and defect lifecycle management using Jira, Zephyr, and Azure DevOps.
- Supported Android and iOS application releases through regression validation with exposure to App Store Connect and Google Play Console workflows.
- Built and maintained Appium automation frameworks for Android and iOS applications, running tests on local devices and BrowserStack App Automate.
- Integrated automated test execution with Jenkins and Azure DevOps Pipelines, using Git/GitHub for version control and API testing for backend validation.
- Utilized AI-assisted tools for automation script generation, test case creation, and user story analysis to improve testing efficiency and productivity.
- Participated in code reviews and mentored interns on mobile automation framework development and testing activities.

QA Intern

August 2023 - December 2023

- Developed and executed Selenium WebDriver and Java test scripts for web applications, improving testing efficiency by 15% under senior QA guidance.

Brane Enterprises Private Limited

Hyderabad, Telangana

Data Analyst Intern

June 2023 - August 2023

- Migrated and redesigned interactive dashboards from Power BI to Apache Superset, improving dashboard accessibility, usability, and performance.

PROJECTS

Mobile Automation Framework

Tech Stack: Appium, Java, TestNG, Maven, BrowserStack

- Built a reusable mobile automation framework for Android and iOS applications using Appium, Java, and TestNG.
- Automated regression and sanity test suites with execution on local devices and BrowserStack App Automate.
- Integrated reporting and CI/CD workflows using Allure Reports, Jenkins, and Azure DevOps Pipelines.

EDUCATION

B.Tech, Computer Science and Engineering

2020 - 2024

Keshav Memorial Institute Of Technology

Hyderabad, Telangana

Coursework: Programming, Web Technologies, DBMS and Machine Learning

CGPA - 8.78

Intermediate

2018 - 2020

Narayana junior college

Hyderabad, Telangana

Coursework: Mathematics, Physics and Chemistry

Percentage - 97
